

Showcasing Mining Compliance Solutions and Technical Expertise

April 17, 2018

Quaker Chemical Corporation Exhibits at EXPOMIN 2018 Exhibition and Congress

CONSHOHOCKEN, Pa., April 17, 2018 /PRNewswire/ -- Mining companies today must cope with a wide variety of priorities, ranging from safety to product effectiveness and cost efficiency. To help companies face these challenges, **Quaker Chemical** (NYSE: KWR, "Quaker") will be showcasing how their **DUSTGRIP® Dust Suppressants**, **MINETECH™ Ground Control Agents** and **QUAKER FORMULA® Maintenance Cleaners** support a safe work environment and offer compliance solutions in Booth EX-A29 at **EXPOMIN 2018**, April 23-27, 2018, in Santiago Chile (<http://www.expomin.cl/index-ing.php#>). Quaker will be exhibiting with a local partner for the mining industry in Chile, Pimasa, a leading provider of solutions for the natural resources industry and its derivatives.

Quaker's Phillip McGilton, Business Development Manager Mining, will be discussing the inherent health and safety issues in the mining industry such as respiratory issues, fire and ignition risk, and the full line of safety compliant solutions offered by Quaker during the technical talk, "**Environmental & Safety Solutions for Mining**", on Tuesday, April 24th at 10AM in conference room 2.

With over 30 years of experience in the Mining industry Quaker is dedicated to understanding the potential risks present in a mining operation, and providing solutions that meet new regulations and support a safe work environment.

For more information on how Quaker's line of products support a safe work environment and offer compliance solutions please visit: <https://www.quakerchem.com/industry/mining/>.
