

Quaker Houghton to Exhibit Full Product Offering at Fabtech 2022

October 21, 2022

Quaker Houghton Showcases this November its Tube & Pipe, Metal Surface Finishing and Metal Forming Expertise at FABTECH 2022.

CONSHOHOCKEN, Pa., Oct. 21, 2022 /PRNewswire/ -- Quaker Houghton (NYSE:KWR), a global leader in process fluid solutions, will be exhibiting its wide range of industrial products at FABTECH 2022, Booth B5159. For the first time, the Fluid Intelligence™ Services and equipment participating at Fabtech will demonstrate its capabilities. The booth will also feature pre-treatment and surface finishing products and the expertise of subsidiary company SIFCO ASC.

Visitors to the Quaker Houghton booth will experience a live demonstration of the SIFCO Process®, SIFCO ASC's world-leading selective electroplating solution under the show's FAB to FINISH Production Experience. This live workshop allows attendees to observe parts production, from fabrication through to the finishing process – all on the show floor.

Quaker Houghton will also feature key technologies from its comprehensive process fluid portfolio, including:

Surface Finishing: Pre-treatment chemicals for cleaning, stripping, conversion coating, and final rinses to prepare substrates for the efficient and effective application of coatings. Quaker Houghton's range of pre-treatment chemicals enhance paint adhesion, improve corrosion protection, and increase the finished component's durability.

Tube & Pipe: The "Front-to-Back" approach to process fluids and coatings featuring QUAKERCOOL® series coolants and QUAKERCOAT® protective coatings available in UV-cured, water-based, and solvent-based options.

Metal Forming: Lubrication, cooling, and corrosion protection fluids for metal drawing and stamping operations, including HOUGHTO-DRAW® and QUAKERDRAW®. Visitors to booth B5159 will be able to meet our dedicated team of technical experts who will share their knowledge and experience to help customers overcome the process and operations challenges they're facing. We take a solution-driven approach comprised of world-class products, equipment, and services to reduce operating costs, improve productivity, increase product quality, and strengthen our customers' competitive advantage.

Fluid Intelligence™: We bring differentiated value to our customers so they can operate safely, sustainably and at the lowest total cost of ownership. Our comprehensive process fluid portfolio together with our QH EQUIPMENT and sensor technology, QH FLUIDTREND™ software, and expert engineering services delivers the ultimate fluid optimization solution for Industry 4.0, QH FLUID INTELLIGENCE™.

FABTECH, North America's largest metal forming, fabricating, finishing and welding tradeshow, will be held at [Georgia World Congress Centre](#) in Atlanta, Georgia, November 8-10, 2022.
